

# VIRTUAL CAMP 2020

## CAMP BOXES

In both June & July, we offered custom camp boxes to our campers! The June box focused on providing basic materials for at-home fun (markers, coloring books, toys, etc). The July camp box allowed the campers to choose what crafts and activities they wanted to participate in during our virtual camp sessions!

## CLASSES

Each summer, we bring in special guests and partner organizations to make camp extra memorable. The campers loved seeing some of their favorite special guests- Crocodile Encounter, dance with Lara, and energizers with Camp For All! These classes really got our campers up & moving!

## ACTIVITIES

Once the campers received their camp boxes, we started hosting zoom calls to work on the projects together! We did crafts, science projects, and even scavenger hunts. Together we made friendship bracelets, paper plate dinosaurs, shrinky dinks, fluffy slime, and so much more!

## SPECIAL SESSIONS

The talent show & the camp ceremony were two very special sessions of virtual camp! At the talent show, campers showed off their amazing skills; we had singers, painters, piano players, and even magicians! At our camp ceremony, each child received an award that recognized their accomplishments throughout the weeks!
